PLEASE FOLLOW THESE PHOTO SUBMISSION GUIDELINES TO BE SURE YOUR PHOTO IS INCLUDED:

ALL of the following information **MUST** be on the back of all photos:

Name of the Association • Horse • Rider in the photo • Owner • Photographer's name (even if not a professional)

- Photos should be color prints or digital color photos on flash drives or CDs. **Emailed digital photos will NOT be accepted.**

- The photographer's authorization for publication must be included with each photograph or digital image. For some photographers we have their releases on file. However, not all photographers give blanket releases and there are instances where this release is not sufficient. Many photographers will not issue releases for prints that have been scanned and submitted digitally. If in doubt, ask your photographer. **We will only accept original photographic prints.** We will not accept copies of professional photographers' photos, proofs, scanned copies (including those sent digitally), photos that are not clear and of poor reproductive quality, or vignette prints and photos

- Digital images must be minimum of 72 dpi and 4" x 6", but larger file sizes are preferred. Images smaller than this will be rejected. Please check with the photographer to see if he or she will issue a release for digital images. Screenshots, video capture, proofs or other low quality images will not be accepted.

- Photos must be action shots. Do not send candid or award photos; they will be rejected. (Hunter Breeding is the exception.) Photos must be of high quality and must be printed on quality photo paper. Personal photos printed on your home printer are not high enough quality and should be professionally printed at high resolution. Prints must be no smaller than 3½" x 5" and no larger than 8" x 10".

- **Photos must be from the 2017 show season.** If there is a sticker/stamp or copyright date on your photo that shows a year other than 2017, your photo will be rejected. If your photo has a sticker on it, put there by the professional photographer who took the photo, that says it must be of a certain size before it can be published, then it must be of that size or be accompanied by a release from the photographer for that specific photo. A blanket release from the photographer does not include these photos. Photos that are unauthorized copies of a professional's photo will be rejected. We cannot accept a professional's photo that you have scanned and re-printed or put on a CD.
